

KEEP WORKERS WORKING, NOT WAITING

# Mobile & Onsite Drug Testing

OnPoint provides comprehensive DOT and non-DOT drug and alcohol testing services with mobile testing capabilities that bring testing to your location. Our certified collectors, advanced tracking systems, and experienced program administrators ensure complete compliance while eliminating hours of lost productivity per test. We handle all administrative burden from random selection to FMCSA Clearinghouse management.

## + Key Benefits

### Save 2-3 Hours Per Test

Mobile and on-site testing eliminates off-site travel time and keeps workers productive. No more losing half a day to testing appointments.

### Complete DOT & Non-DOT Compliance

Expert management of all testing requirements. Audit-ready documentation and recordkeeping. Stay compliant without burdening your staff.

### FMCSA Clearinghouse Expertise

Complete Clearinghouse management for motor carrier operations. Query submissions, violation reporting, consent management, annual queries.

### Professional MRO Services

Expert physician review of all positive, adulterated, and substituted results. Complete MRO coordination and communication.

### Technology-Enabled Management

Digital result reporting, online program management, automated random selection, mobile app coordination.

# + Service Offerings
