

EVERY MINUTE COUNTS. WE MAKE SURE NONE ARE WASTED.

# Logistics & Materials Management

OnPoint manages your entire logistics and materials network with comprehensive planning, TrackPoint real-time tracking, and workforce transportation services. From parking lot traffic flow to materials delivery, from bus routes to equipment staging, we ensure people, materials, and equipment are exactly where they need to be, when they need to be there. Eliminate the wait time that costs up to 12,000 hours of productivity daily on manpower-intensive jobs.

## + Key Benefits

### \$2.1M in Productivity Savings

Proven results on Golden Triangle, TX project. Reduced 130 redundant vehicles to 23 buses while saving \$2.1M in productivity.

### Eliminate Wait Time

Materials available exactly when crews need them. TrackPoint provides real-time location visibility and forward-looking capabilities to prevent delays.

### 80%+ Parking Reduction

DOT-compliant bus transportation with professional CDL drivers replaces chaotic individual transportation. Optimized routes ensure on-time arrivals.

### Integration Advantage

Logistics coordinates with safety and project execution simultaneously. Delivery schedules align with permit cycles and work windows.

### 350+ DOT-Compliant Buses

Professional transportation fleet gets workers to work on time, every time. Reduce safety risk and eliminate parking congestion.

### Meet Every Standard

All operations are delivered in full compliance with DOT, DMV, and FMCSA requirements.

# + Service Offerings

## Logistics Planning & Management

Site design, traffic patterns, facility placement optimize layouts before work begins

## Materials Management & Warehousing

TrackPoint tracking, on-site warehouses, kitting, just-in-time distribution

## Workforce Transportation

350+ DOT-compliant buses with professional CDL drivers, optimized routes

## Construction Logistics Coordination

Rental equipment, waste containers, facilities, vendor coordination

## Equipment & Water Tote Programs

Hydration services with 500-bottle insulated totes, equipment tracking and fueling

## Industries We Serve

### Energy & Utilities

Refinery turnarounds, petrochemical outages, power plant maintenance

### Manufacturing

Steel mill turnarounds, automotive shutdowns, pharmaceutical projects

### High-Tech Infrastructure

Data center construction, semiconductor fab projects

**OnPoint.**

## Ready to **eliminate** wait time?

Schedule a comprehensive logistics assessment. We'll evaluate your operations and develop a customized plan to eliminate wait time and improve productivity.
