

THE MOST CRITICAL WORK HAPPENS BEFORE THE PROJECT STARTS

Project Planning & Coordination

OnPoint project professionals deliver expert turnaround planning, execution coordination, and project management that prevent delays and control costs. We've managed hundreds of major industrial projects and encountered every conceivable cause of delay. Our execution coordinators, schedulers, planners, and project managers integrate into your operations, working from an owner's perspective to protect your schedule, budget, and reputation.

+ Key Benefits

\$10-50M+ Turnarounds Executed Flawlessly

Zero margin for error.
Our comprehensive planning prevents the cascading delays that cost tens of thousands per hour.

Proven Results on Major Projects

Successfully deployed safety teams on major projects at refineries, power plants, and manufacturing facilities nationwide.

Real-Time Problem Solving

Dedicated coordinators solve problems in real-time, not after delays compound. Manage contractor performance, coordinate permits, and activate contingency plans when needed.

Integration Advantage

We coordinate schedules, contractors, safety, logistics, and materials simultaneously. No gaps between services. No delays from miscommunication.

Maintenance Planning Excellence

Increase wrench time from 25-35% to 50%+ through proper planning. Prevent unplanned downtime that costs \$50K-\$250K+ per hour.

+ Service Offerings

Industrial Project Coordination

Full-time execution coordinators keep contractors productive and schedules on track

Turnaround Planning Services

Pre-planning (8-12 weeks) and detailed planning (4-6 weeks) with shift-by-shift schedules

Execution Coordination

Daily coordination, contractor performance management, permit alignment, materials scheduling

Industrial Project Management

Project controls, budget tracking, earned value management, procurement coordination

Maintenance Planning Services

Preventive maintenance, outage planning, work order management, wrench time optimization

Industries We Serve

Energy & Utilities

Refineries, petrochemical plants, power generation, pulp & paper mills

Manufacturing & Materials

Steel production, automotive assembly, pharmaceutical manufacturing

High-Tech Infrastructure

Data centers, semiconductor fabs, large-scale construction projects

OnPoint.

Ready to **ensure** project success?

Schedule a comprehensive project planning consultation. We'll assess your upcoming project and develop a customized approach to prevent delays and control costs.
